NEWS AND EVENTS FOR THE STUDENTS OF GEORGE BROWN COLLEGE

JANUARY 1992

## BLUE MOUNTAIN SKI TRIP

There's a place where men and women can become one with their environment. A place where men and women can relax and enjoy the beauty of nature and forget about the pains and anxieties of the hustle and bustle of everyday living. This place can also be used to go completely wild for an evening, break a few bones, and tell grandiose stories that nobody believes. Where is this place? It's a hill up in the Collingwood area called BLUE MOUNTAIN.

The students of G.B.C. ventured into the great white open and took to the hills on the last Tuesday in January for what turned into an eventful night for all. The bus was supposed to leave at 2:30 at the latest but because of a certain Todd Ried, we didn't leave the school until about 2:45pm. Granted it's only 15 minutes, but a bus load of people anxious to hit the hills and dressed for cold weather on a heated bus can get quite ugly in less time than it takes to shred a course.

The trip up to Blue was too much for a couple of people to handle. It's believed that the consumption of alcohol was partaken in before the trip left. Because Topher and Scott's identities must be withheld due to stupid laws about protection of privacy I won't mention who passed out and tossed the proverbial cookies before we even got our lift tickets. The afore mentioned Todd managed to have the first wipe-out as he got off the bus. It was agreed that a chinese downhill would be held in the latter part of the evening so that everyone could enjoy skiing before trying to kill their best friend.

While I waited for my girlfriend to get her rentals, I made the mistake of going for the first run with, you guessed it, Todd. We decided to split a smoke on the way up and while he fumbled around, he dropped his pole. Way to go Todd! We waited for a few other people at the top and headed out for the first run. I got halfway down the hill to where Todd's pole lay and looked back expecting to see him. Todd was at the crest of the hill trying desperately to get one of skis back on. Ten long minutes later he, and everyone else showed up. His excuse for not being able to ski was because his bindings were loose. Then the ski patrol showed up and wanted all of us to follow him down the central lodge because he thought he saw us drinking. One word to sum up our thoughts on that idea; NOT!!! In some miraculous way the only person to get a warning was, you guessed it again, Todd.

In a series of mishaps that would take

the entire paper to write about, I picked out, in my opinion, the best of the worst. First

skiers are crazy, stupid and senseless. Well, you're right. But it's only because we're in control (most of the time) and know that it's all in fun. So be a part of that fun and join us on the next two ski trips. There's one on February 12. It only costs \$24 for the bus and lift ticket. If you're renting, it's an additional \$9.25. Bus leaves the school at 2:30, unless Todd goes, and returns back to the school at about 12:30 am. It's part of winter orientation so if you can't make it to this trip look for other events happening around school and get involved. By the way happy valentines day Char!

off, Jeff (I hope I spelled your name right) had his lift ticket cut after only two runs. Scott, Topher's puking partner, had a killer wipe out and managed to fracture his jaw. Steve Heritage pulled off the Knob of the Hill Award by injuring not only himself, but two other people. First, Steve put his ski pole, the handle thereof, in Glen's eye. At first it didn't look too bad, but by Wednesday morning Glen appeared to be in a world of hurt. Then, in an accident that I heard bits and pieces of, Steve slashed Jay's leg open with, I believe, his ski. But justice served itself later. Steve, being the pro skier that he is, decided that instead of checking out the moguls below a jump before he attempted the jump, he just went for it. Now I didn't see the collision myself but I did see the residue. It went something like this: 1. Steve goes up wall. 2. Steve comes down wall and gains speed. 3. Steve goes for jump. 4. Steve goes over jump. 5. Steve sees moguls. 6. Steve starts screaming in mid-air. 7. Steve lands. 8. Steve's skis stay on mogul he just hit. 9. Steve bounces down rest of the moguls. 10. Steve starts to moan as he slows down and stops face down in the snow. Now don't try this at home boys and girls but if the mood ever hits you get the Knob of the Hill Award, just follow these ten simple steps and you should do just fine. Just one other mishap that has to be mentioned because I'm writing this, Charlene Hendry was going merrily down the hill when out of nowhere a mogul jumped in her way. She tried and tried to keep her balance as the hill started to swallow her up. Just as she gained control, another mogul appeared as if from nowhere and she lost it completely. Her skis went up, and her ass went down followed closely by her head, which bounced a couple of times. To set the record straight, I fell once and lost my edge twice!

### STUDENT GOVERNOR ELECTIONS

On April 9, elections will be held for the position of student representative on the Board of Governors. The Board is the highest decision-making body at the college. This is a preliminary notice and more detailed information will follow in future issues of THE DIALOG.

Interested students must complete a nomination form and information package (available at campus managers' offices) and return them by 5 p.m. on Wednesday, March 4. Nominations are open from 9 a.m. on Monday February 17 to Wednesday, March 4 at 5 p.m. The campaign period runs from March 4 through April 9. The new elected student governor will begin his/her duties on September 1, 1992, and end on August 31, 1993.

Polling booths will be set up near the cafeteria at each campus. An advance poll will be held on April 4 from 11 a.m. to 7:30 p.m. Polling booths will be open on voting day, April 9, from 11 a.m. to 7:30 p.m. at all campuses.

There are many benefits to this position. The student governor has an opportunity

- (a) to work with key middle and senior management personnel,
- (b) to influence changes in college policies and challenge existing ones that may be outdated,
- (c) to lobby the board on important issues that are raised in the college community,
- (d) to advocate for students at the board level,
- (e) to confront the college administration as an activist, especially in areas where the administration (or its agents) adopt a "protectionist" stance, or refuse to view students, faculty and support staff as equal players in college affairs.

The student governor has access to a small office and a telephone for board-related business. A photocopy card and a Plumer's Dining card can also be provided to assist the student to carry out his or her duties.

Working as a student representative can also give your resume a boost when seeking employment after graduation from the college.

Incidentally, according to Ontario law, board members are not permitted to receive

any pay for sitting on the Board of Governors.

Anyone wishing more election information should call Cynthia McDonagh at 944-4473.

Edward Smith is a second-year full time student in the Human Services Counselling Program at the St. James Campus. He is the student representative on the Board of Governors. He can be reached by calling the Counselling Reception Office at St. James 867-2107 (reception).

### WHAT NEXT

I apologize to Continuing Education students who would have received an article about the benefits of being a student representative on the Board of Governors.

An article was solicited from me on November 28 past by the Communications Department but was refused when I gave them my list of benefits (see "Student Governor Elections" article).

The article would have appeared in the Continuing Education flyer called NEXT (Winter Edition).

Any full or part-time student is eligible to run for this position. Duties commence September 1, 1992 and election day is April 9. Check the NEXT flyer for details.

## STUDENT CENTRE UPDATE

Way back in June 1991 a Task Force was struck to investigate a Feasibility Study for a Student Centre for George Brown College.

After several Task Force meetings and much hard work over the summer months and into the late fall, the Task Force drew up "Terms of Reference" for the study. Also, proposals from three consulting firms were discussed.

On December 12 past, Ray Danley, Chair of the Task Force informed College Council (which advises the President of the college) that the Task Force members recommended the IBI Group as the company which should do the Feasibility Study. President John Rankin has accepted this recommendation.

Next, a Steering Committee will be set up, partly comprised of members of the previous Task Force, in addition to other representatives from the college community including the Students' Administrative Councils (SAC), part-time students, and George Brown College alumni.

This new committee will then meet with IBI which is anxious to get the Feasibility Study underway.

Details will be announced soon as to how individual students and anyone else in the college community can have input into this study.

A big thank-you to those who took time to work on the Task Force. They were: Alex Barbier, Athletics; Dudley Campbell, Student Life; Ray Danley, Student Services; Tina Dinardo, St. James SAC; Mario DiCarlo, St. James SAC; Brian Gregg, Ventures; Marilyn Rinaldo, Continuing Education; and Edward Smith, Board of Governors (Student).

Special thanks to Susan Stylianos, the new Director of Student Services who is now actively involved with this study.

Stay tuned for further updates in THE DIALOG.

## KEVIN TAYLOR HAS THE RIGHT TOUCH

With the 1991-1992 College Basketball season winding down, Kevin Taylor, a 4th year starter with the Huskies, has amassed 309 points, and an average of 30.9 points per game. In relative terms, Kevin's closest rival, Rohan Hamilton from Canadore College has totalled 247 points, at an average of 20.6 points per game. Awesome!

### Leading Scorer

When Kevin stepped into the gym to "shoot some baskets" at the Casa Loma campus in 1988, he couldn't have known that he'd be leading the OCAA in scoring 4 years down the road.

Kevin stated that he didn't seriously consider playing Varsity Basketball at College, and "I didn't join the basketball team because I was out-of-shape. I was just shooting baskets in the gym when Albert asked me to try out for the team."

His main strength obvious to his league rivals, is his scoring touch, "I've always been a shooter ... I was just waiting for the rest of my game to develop." And develop it did.

### Young Team

Kevin has provided experience and leadership to a relatively young team, including 4 rookies in the starting 5. And, he appreciates their hustling style of play,

and dedication to the game, "I'm honored to be playing with them ... to be keeping up to them. We're developing into a winning team."

### Sports Marketing in his Future

Kevin will graduate from Business this spring, and hopes to crack into the Sports Marketing/Administration field.

Even though his competitive playing days will have ended, his love for the game will keep him involved. "I plan to continue coaching and refereeing", to give back to the system that has given him enjoyment and a venue in which to excel.

Until then however, "the right touch" should lead Kevin to the 1991-92 OCAA Scoring Title. Time will tell.

## WOMEN'S BASKETBALL

The Women's team stands alone in 3rd place with a record of 4 wins, 1 loss over the first 5 games this season. In their last game the Huskies provided a strong challenge against Seneca, but came up short in a 53-67 decision on Wednesday December 4.

The Huskies' leading scorer, Debbie Grannum, is cooling off. With an average of 15.3 points per game, Debbie stands 5th in the league.

## MEN'S VOLLEYBALL

The Men's Volleyball team remains in first place in the West division with a 5-1 record.

## WOMEN'S VOLLEYBALL

The Women's team is in 6th place in a league of 14 teams, with a winning percentage of .600.

## VARSITY

### MEN'S BASKETBALL

Kevin Taylor is running away with the OCAA scoring race this season. With 274 points scored to date, and an average of 30.4 points per game, Kevin is well ahead of the closest challenger.

The Men's Huskies' record stands at 3-6, with George Brown losing a squeaker on December 4 to the strong Seneca squad: 79-83.

### SOCCER STUFF

The start of the Men's and Women's Indoor Soccer seasons is quickly approaching. The Women will be practicing on Tuesdays at the Kensington gym from 4-6 pm. The Men's practice schedule has not been finalized.

# JOB Fair '92

George Brown College

## BUSINESS AND GRAPHICS JOB FAIR '92

Thursday, February 20th  
St. James Campus

Students from Business and Graphics should make plans to attend this Job Fair which is being sponsored by the Student Career and Employment Centre in conjunction with the School of Business, Graphic Arts Division and SAC. Employers will be on campus to speak to students about career opportunities and necessary qualifications required to follow a successful career path in their companies. This is an excellent opportunity for students to meet recruitment people and make future career plans.

Look for more information coming soon.

After attending several "job fairs", sponsored by various groups, the conclusion is that they are of **little concrete value** to the unemployed, and are self-serving market events unnecessary for industry recruitment. Academic "fairs" tend to justify counsellors existence, promote sponsor institutes, and advertise employers products.

Job-seekers get **no information** at "fairs" on issues like wage scales, job descriptions, displacements, contracts, unions, owners, or finances. Even printed application forms are coveted by booth staffers, many of whose questions still violate human rights laws.

If the College, or its Departments, proceed with a "Job Fair", then verbal and printed **disclosures** ought to be requisite for participants. Restrictions must also be placed on public relations encroachments.

Municipal, provincial, and federal government agencies should be invited to advise potential freelancers on the risks and rules of being the sole proprietor of a small unincorporated business, operating under their own unregistered personal name. Agents could also dispense information on taxes, contracts, copyrights, ownerships, trademarks, codes, collections, liabilities, protections, pensions and compensations.

Craft, trade, and learned organizations should also be invited to offer potential members advice on related work matters.

Alternative (or additive) to a College "fair" is an **effort to lobby** for laws fixing vocational unions and professional associations, in which workers would be required to join and hirers obliged to use. Setting such legal conditions for being and using a worker ought to be targeted. The government must be urged to control the official criteria under which the status of "engagee", "contractee", and "employee" is conferred upon laborers; which is now unilaterally applied by owners, hirers or workers.

College lobby groups could pursue the provincial mandating of:

1. Student practicum internships for program credits on the unpaid job;
2. Graduate association memberships for probationary applicants;
3. Associate employment apprenticeships for novice working members;
4. Licentiate occupational practiceships for owners, hirers, and workers.

Colleges could also regulate the numbers of workers entering saturated fields, to some degree, by adjusting its **entry and exit requirements**. This control would mean the College adopt the stand of being a non-profit institute of higher education, rather than that of a capital business. Accepted credit students in such programs would qualify "scholastically" and "contextually" by satisfying projected needs in the work place.

The committee welcomes any comments from all interested persons.

Planning Committee Student Representative

## Socially Speaking

Welcome back! I hope that every one enjoyed their break. I know that mine was much too short but I guess that's life. I have decided to inform you of the situation around the future of Thursday afternoon pubs.

With the future of Thursday afternoon pubs in total limbo, I am at a loss to try and fill the gap as far as a Social Event that would match our lost pubs. I am inclined to lash out at our Administration for the decision that has affected so many students. Too many times I have run into students who were here last year and the year before and all they can say is "What happened to the old days?" Well I guess times do change and this is a fact of life but I can guarantee that the lives of a lot of students have been adversely affected. For those saying that it was just a big event to abuse alcohol I say Bah Humba!!! I still see a great number of friends that I met through the pub and I know that countless numbers of lifelong friendships were made through this very worthwhile Social Event. It is unfortunate that the decision makers (as it seems to be with everything in life) have never experienced our Pub and all that went with it. I have heard more than once from our Administration that they too "Enjoyed pubs in our day". Well I ask you "What the hell do you know about the pubs here at St. James?" All you concern yourself with is the fact that we have a few nasty incidents and the music we played disturbed a class. Well I say that after four years of the Pub operating weekly on Thursdays, that someone would have figured out that MAYBE a class should not be scheduled on thursday afternoons. I agree that a Social event should not take precedence over an Academic endeavour, but I do not agree that the said Social event should be erased

from existence. We were offered the option to operate pubs on Fridays but this is no kind of option at all as this is a total commuter school. Students have no interest in staying at school Friday afternoon when they can go home and head out to their favourite bar that night. We are running a least one night pub this semester but it takes a lot of planning and promotion. There is no way that we could run pubs every Friday. It is unfortunate that something that meant so much to so many student could possibly be lost forever. The Administration says that they are here for the Students: **GIVE ME A BREAK!**

Well enough griping about things that cause grey hair, let's move on to something fresh, something friendly. Check the article on Winter Orientation! This will be a week not to be missed. The week after Winter Orientation is Alcohol Awareness Week and I urge all students to take advantage of the information that will be dispersed during this week.

I would welcome any comments on my article and I look forward to serving the students of St. James Campus down the Home stretch as May approaches.

## Official Languages Monitor\* Program

Under a program funded by the Department of the Secretary of State of Canada, the Ministry of Education in conjunction with the Council of Ministers of Education, Canada, invites students to apply for the position of second-language monitors (French or English) for the academic year 1992-93.

### Monitors (Part-time)

Official-language monitors must be full-time postsecondary students usually studying in a province other than their own. They will work between six and eight hours per week under the supervision of a second-language teacher. Some francophone monitors will be assigned to French schools outside Quebec. For eight months participation in the program, they will receive at least \$3500 and one return trip between their home and the host province. To be eligible for part-time monitor duties, students must have completed at least one year of postsecondary studies or will have completed such studies by the end of the 1991-92 academic year.

### Monitors (Full-time)

Full-time monitors must have completed at least one year of postsecondary studies. Duties consist of assisting second-language teachers (French or English) in rural or semi-urban areas usually in a province other than their own for 25 hours per week. Some francophone monitors will be assigned to French schools outside Quebec. Monitors will receive up to \$11,200 for 10 months of participation. They will also receive two return trips per year between their home province and the host province. They may also receive a setting-in allowance of up to \$770 and a maximum of \$1,110 for commuting expenses within the host province.

Application forms and program brochures may be obtained from placement offices in postsecondary institutions, or at the address below:

Manager, Monitor Program  
Ministry of Education  
Education Liaison and Exchange Branch  
14th Floor, Mowat Block, Queen's Park  
Toronto, Ontario

## WELCOME BACK!!

I would like to welcome everyone back from the holidays. I hope that Santa was good to all of you. Have we all finally sobered up from New Year's Eve?

Speaking of New Year's Eve, I would like to thank everyone who came out to Kensington's New Year's Eve Training Party that we had on December 11. I hope all of you who attended were better prepared to take on all of the real New Year's Eve parties.

I must apologize to Elvis, where ever he is. My rendition of "Heartbreak Hotel" did not do him justice. (It would have helped if someone didn't take the words away from me!) Anyhow this diehard Elvis fan needs to practise a little bit more before the next karaoke night. If you don't know what I'm talking about, you were obviously not in on that great party we had. For those of you there, you got to see tomorrow's budding singing artists (yeah right!) perform on the karaoke machine.

Everyone seemed to enjoy Yuk Yuk's comedian, Jamie Ollivier. His zany brand of comedy and props really kept the crowd roaring for 45 minutes. I would like to thank Yuk Yuk's for their co-operation in supplying all those free Yuk Yuk's passes that we gave away to all those brave singing stars.

Finally, the live band, ANYHOW

TOWN kept everyone on their feet well after our midnight countdown.

On behalf of Kensington SAC, I would like to sincerely apologize about the rise in alcohol prices at the El Mocambo that night. I can assure you that we were not notified of this change until we ourselves purchased alcohol. Once again, we are sorry for any inconvenience that this may have caused.

We are in the middle of a WORLD'S FINEST CHOCOLATE COVERED ALMONDS fundraiser. These delicious chocolate covered almonds are only \$2.00 for a box, and you get a FREE \$3.00 Pizza Hut coupon. Please come by the SAC office or check out our display in the main hallway during lunch hour, and buy a box. All money that is raised goes directly to your student activities. So help us help you!

Remember to keep checking the bulletin boards for upcoming events at Kensington.

See you next month,

## BEACH PARTY AT KENSINGTON!

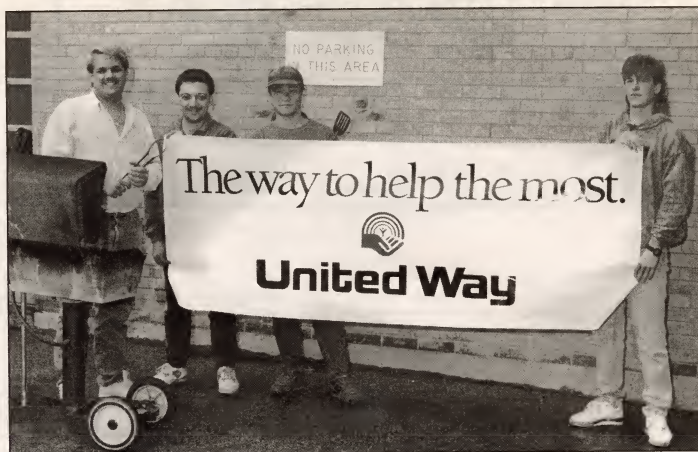

Well it sure took some doing, but we finally got a pub for February 27, 1992 at Kensington campus in our gym on the 3rd floor, in building #3.

The theme for the pub is a "BEACH PARTY"! So feel free to dress accordingly. The main event for the evening is a Beachwear Competition for guys and gals, so we need some brave souls who are willing to put on a bathing suit for the celebrity judges. All contestants have free entry to the pub, and are eligible to win some great prizes. So don't be shy, and come down and see any of us in the SAC office or call at 867-2457. But don't wait, because we only have room for so many contestants.

We have a great singer/entertainer in Gary McGill, who is labelled as "One of Canada's Best Guitar Players". Gary has thrilled student audiences around the world, so don't miss your chance to see what he's all about.

Ticket prices are only \$3.00 in advance, and \$5.00 at the door. Tickets can be purchased at any SAC office, so get yours today!! The pub should start at about 8p.m. so get there early so you don't miss out on the entertainment.

See you there party animals!

## KENSINGTON SAC BBQ TO HELP THE UNITED WAY

A recent fundraising BBQ was held at the Kensington Campus to raise money for the United Way. Donating their time and their cooking skills were Dave Grandy, Carlo Gambale and John Ling all students in the Furniture Production and Design program and the Executives of SAC. A brisk lunchtime business in hamburgers with all the extras kept Kensington staff, faculty and students contented.

Thanks to Dave, Carlo and John for their community spirit.

## AWARDS OF EXCELLENCE

Please take a few minutes to think about the people you work and learn with at George Brown College. Is there someone who comes to mind as a truly outstanding employee? Perhaps you know someone who never fails to impress ... someone who accomplishes all that is expected and more ... someone whose ideas and achievements have assisted others at George Brown College or in the larger community.

The Board of Governors established the Awards of Excellence in 1990 to celebrate the accomplishments of just this sort of person. Your colleague or teacher may have made significant achievements within his or her field, the educational sector or the community at large. He or she may display

exemplary qualities in day-to-day work performance. We invite you to nominate such a deserving person or team of people to receive an Award of Excellence in 1992.

All full-time and part-time college employees are eligible for the Awards of Excellence and any George Brown College employee or student, full-time or part-time, is welcome to submit a nomination. Recognition of accomplishment is one of the greatest rewards we can give you and your effort in completing this nomination will ensure that the most deserving people in the college get the recognition to which they are entitled.

Nominations must be received by 4:30 p.m. on February 28, 1992. A selection committee, comprising of three members of the College's Board of Governors, will review the nominations and determine the Award of Excellence recipients.

## COME SPEND THE SUMMER LEARNING FRENCH IN LA POCATIÈRE, QUÉBEC

Did you know that George Brown College has a French language summer immersion programme in La Pocatière, Québec? Did you know that you can apply for a bursary to attend this programme? For more information about this programme, come meet us at our information booth at:

**Kensington** - February 4, 10 - 1:00, Next to the cafeteria  
**St-James** - February 5, 10 - 1:00, Next to the cafeteria

You will find out about learning French in the summer in La Pocatière, and those eligible for a bursary (Canadians and landed immigrants) will get information on how to apply. A bientôt!

Or come see us at the French Centre at Kensington Campus, room 1105, or phone 867-2435 for more information, or see your Student Counsellor.

**Rose Bergeron**  
**French Centre, Kensington**

*"I thoroughly enjoyed my summer here studying French. I think the teachers and the amateurs are excellent and the people in general are very warm. This program has given me a great opportunity to learn French and I feel I have much improved since I have been there."*

*"Thank you very much for a wonderful experience."*

These are only a few comments made by students in the Summer Immersion Programme offered by George Brown College in La Pocatière.

This year again, between June 29 and August 7, about 100 students will share the experience of learning French in the beautiful "Bas St-Laurent" region.

There, the students participate in a large selection of activities. Mornings are spent in the classroom where emphasis is placed on oral skills in French. In the afternoons, students attend workshops about the Québécois culture. Evenings are free, but there is a choice of athletic and cultural activities.

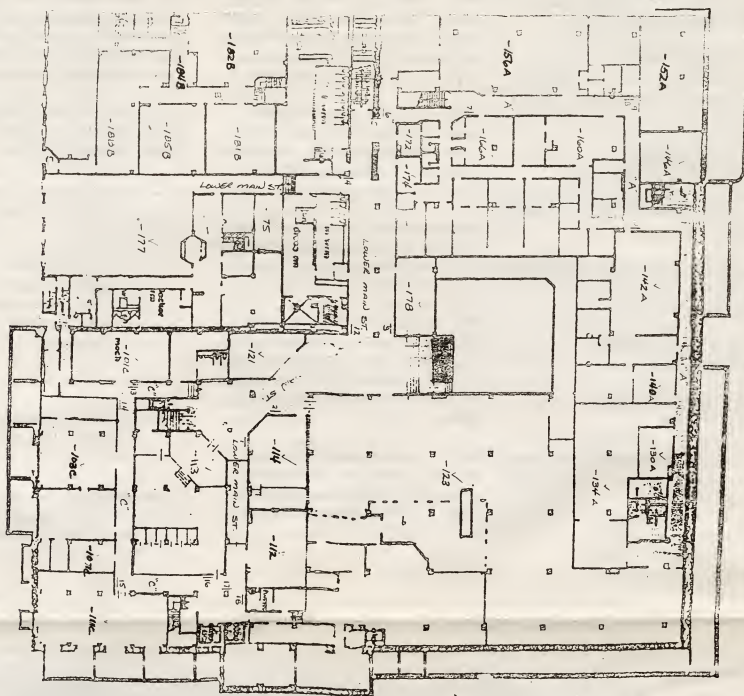

There is a trip to Québec City for a weekend during the Summer Festival. Two optional camping trips to a lakeside resort are also available. All other weekends are free, but the staff organizes small trips in the area of La Pocatière.

All students have their own rooms in the comfortable residences of the CEGEP de La Pocatière. They also have access to the swimming pool, the gym and the library.

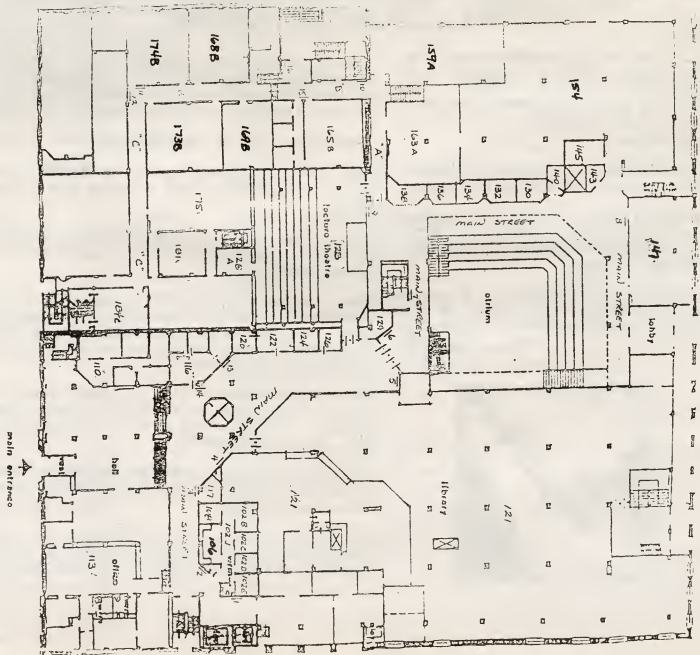

Most expenses (tuition, meals, accommodation, use of the CEGEP facilities) are covered by the bursary. Please note that non-bursary students are also very welcome. **Bursary deadline: Feb. 14/92**
